

Manual for use CATEGORY CHANGE in SAP SuccessFactors

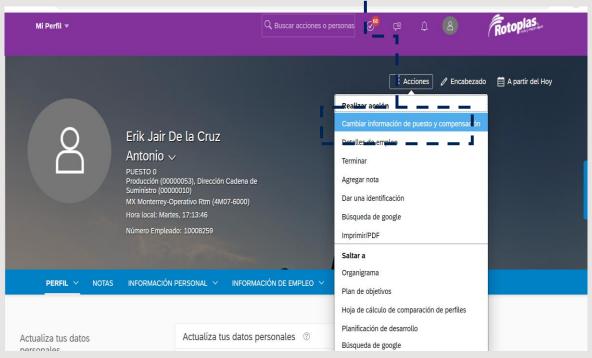

Enter the number of the employee to whom you will apply the change:

Within the Employees's profile, Click on "Actions", and then on "Change Position and Compensation Information"

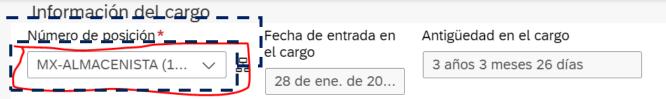

Select "Position Information" and "Compensation Information", plus the date when the change takes effect.

Note: The transaction can only be made on Thursday and no later than the Tuesday closest to that date

The new position for the new category must be entered in this field:

Cambiar información de puesto y compensación

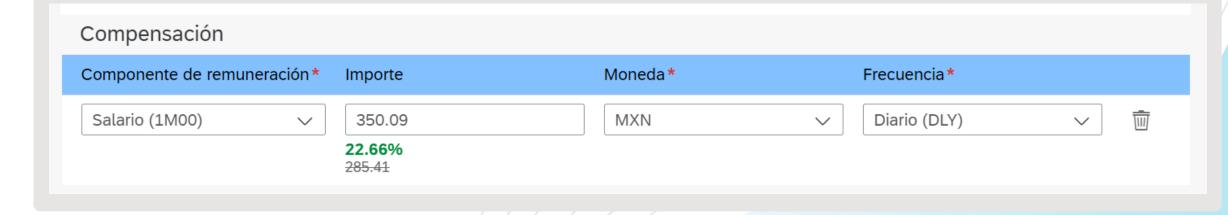

Automatically, the position will propose the new changes as well as the salary update.

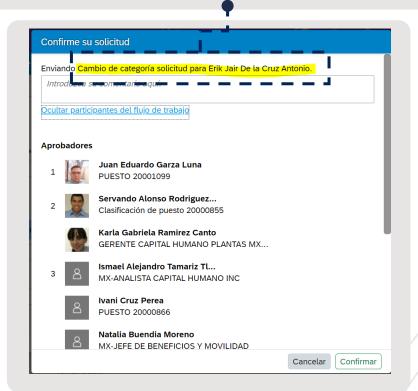

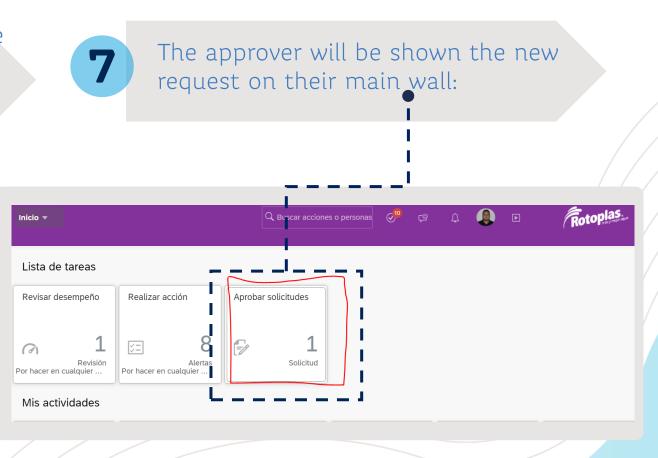

6 When you save, it will display a message where the system will automatically detect the category which, when you click on "Confirm", will be sent to an authorization flow

And it is displayed as follows, clicking on "Approve", then it will display the message of successful approval:

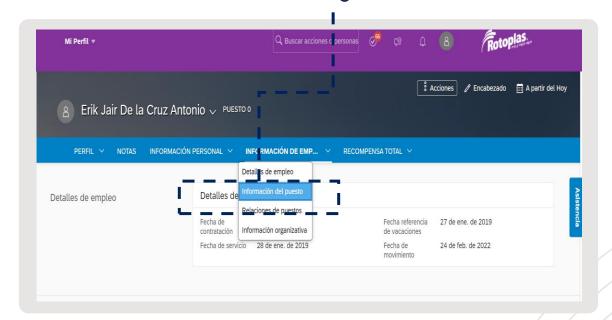

Once the change is approved, it can be viewed in the Employee Profile-Employment Information-Position Information
