 Creation / Update of Position Descriptions – Position Profiles

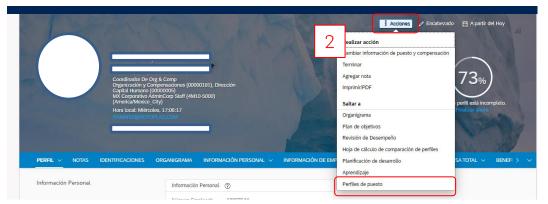

Creation / Update of Position Descriptions

Position Profiles

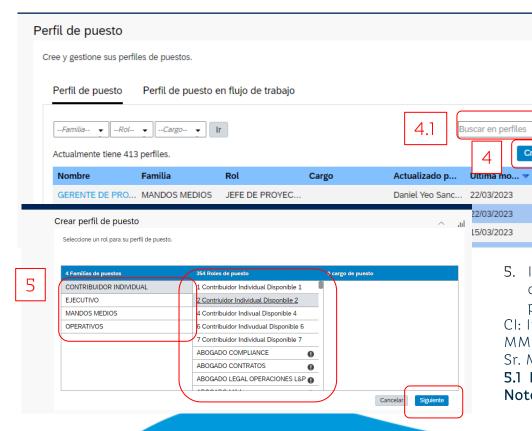

Access your profile

- 2. Find the "Action" button and click on it
- 3. Then find the "Position Profiles" option and click on it

Position Profiles

- 4. Click on "Create Position Profiles" to load the new position descriptions that do not exist in the organizations.
- 4.1 If you wish to "Update", please enter a key word with which you can find the position description you wish to update: for example, "analyst".

5. In the case of a new description, you may choose on this screen the group to which the position you will request belongs:

Crear perfil de puesto

Estado

Activo

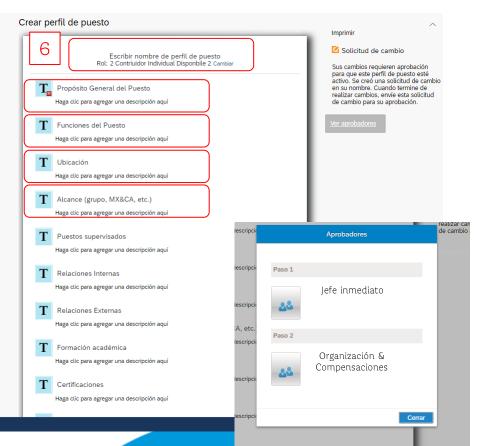

Activo

Activo

CI: Individual Contributor without subordinates MM: Collaborators with subordinates, for example: Sr. Manager, Director and VP

5.1 In the case of updates, only click on "Next". Note: It is not necessary to follow step 5

Position Profiles

6. Fill in all the fields of the Position Profile format, and then click on "Finish".

Note: The position description will go through an approval flow, in which the first approver is your immediate superior, and then it will go to the Organization & Compensations area for its final validation.

Thank You
