

Manual for use Transfers in SAP SuccessFactors

Transfers in SAP SuccessFactors

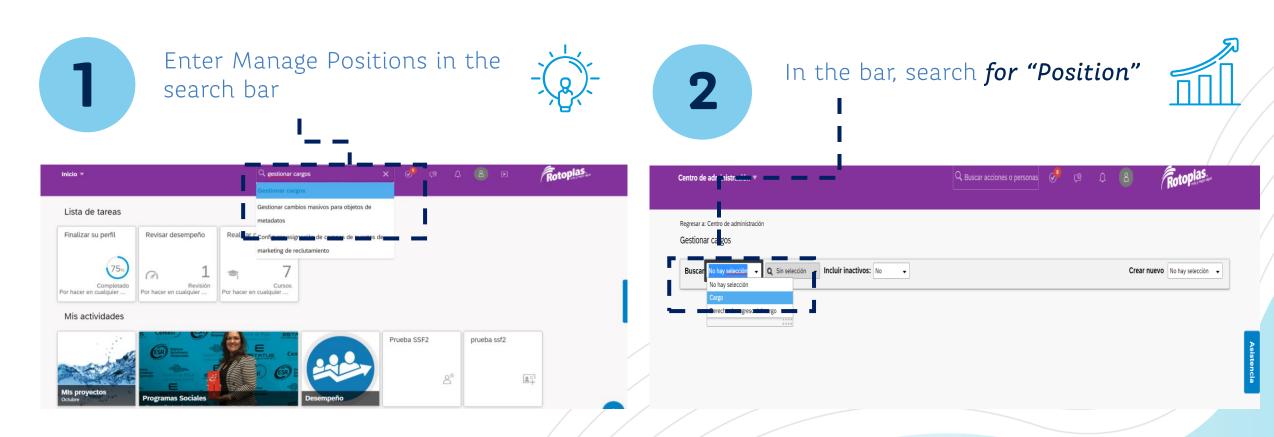

It is a function of Employee Central that you can use when any of our associates transfer to a locality other than where they were hired. Their salary may or may not vary.

You may only apply when moving under the same company name.

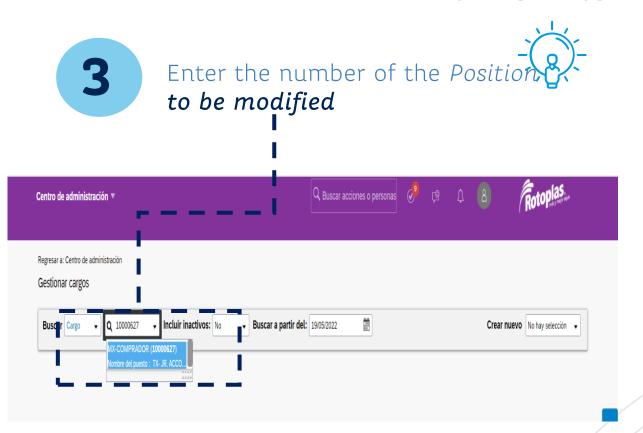

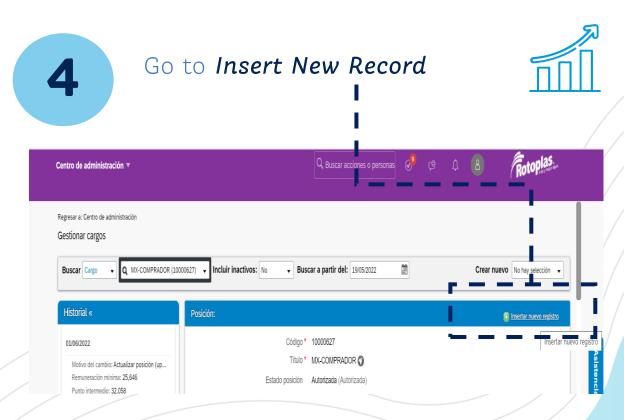

STEPS TO APPLY TRANSFERS WHEN: THE POSITION IS MOVED TO ANOTHER LOCALITY

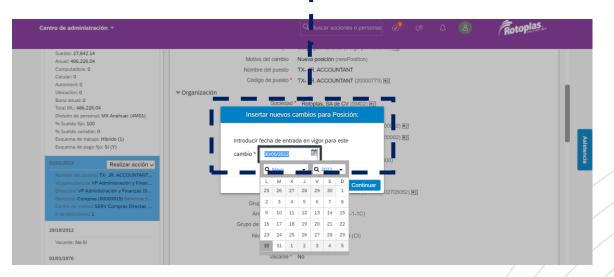

Enter the Date on which this change will take effect

according to the event calendar for each country and click on "Continue"

- Operators: on Thursdays only
- Administrative: The 1st or 16th day of each month

The only data you need to change based on *the destination locality* are:

- Division-Subdivision
- Physical location
- Cost Center
- Work scheme

7

Go to the "Costs" section to confirm:

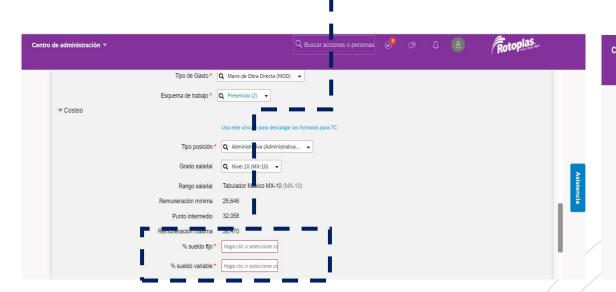

- % of fixed salary
- % of variable salary

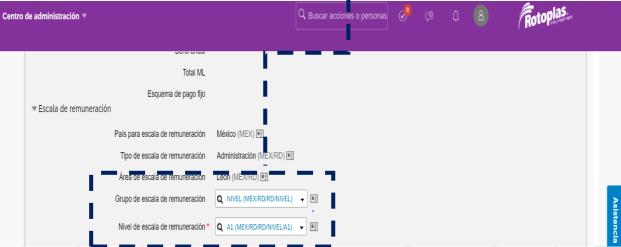

In the "Pay Scale" section, you must select:

- Pay group
- Pay range level

Once you have these details, click on

Guardar

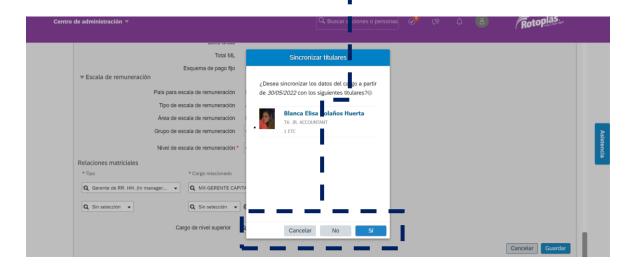

9

Confirm and Synchronize holder data

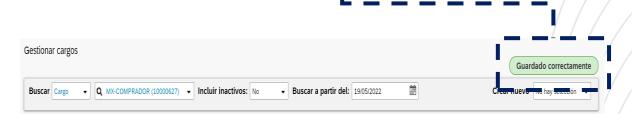

10

This movement will go through an approval flow by the **Sr Compensation and Organization Manager**

It will display the message "Saved Successfully"

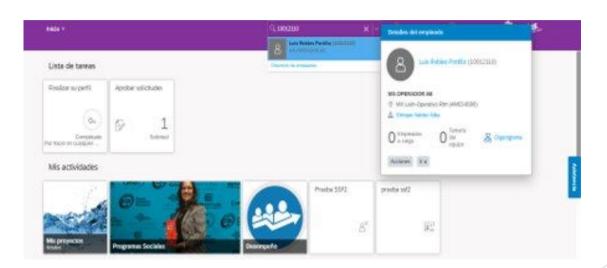

To confirm the movement, in the search bar, enter the employee name or number of the person you moved

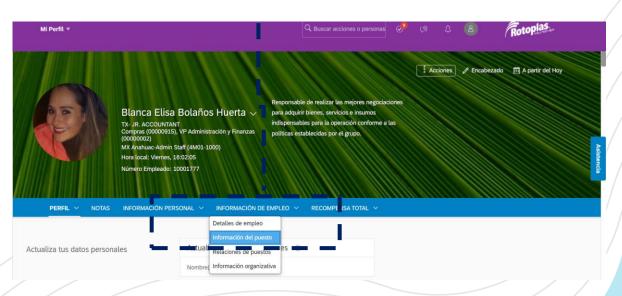

12

Select "Position Information"

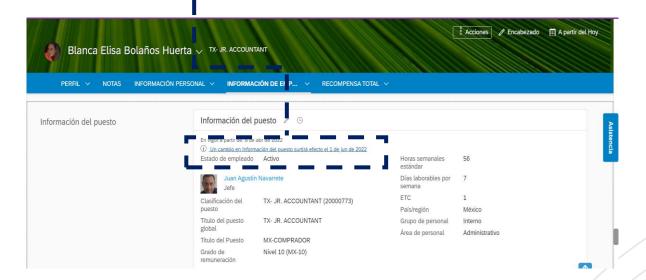

13

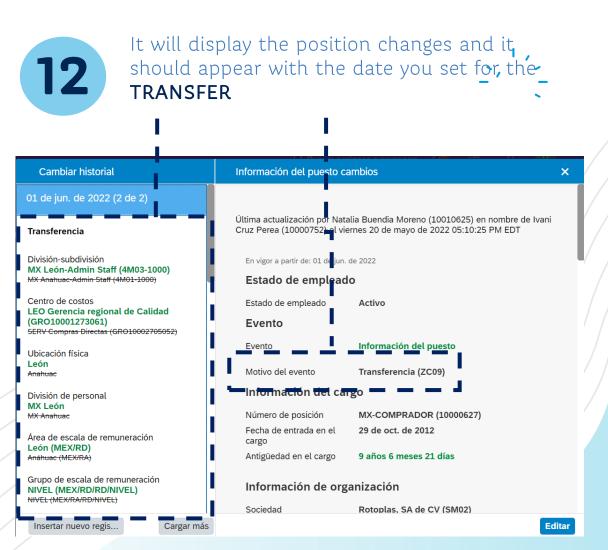

You will see a note with a **scheduled change** with its effective date.

Click on it.

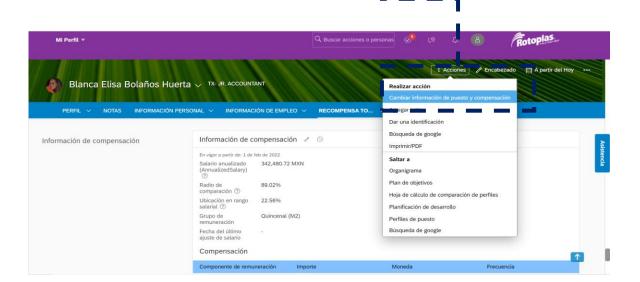

13

If the transfer requires a salary change, you must click on "Actions" and select "Change Position and Pay Information"

14

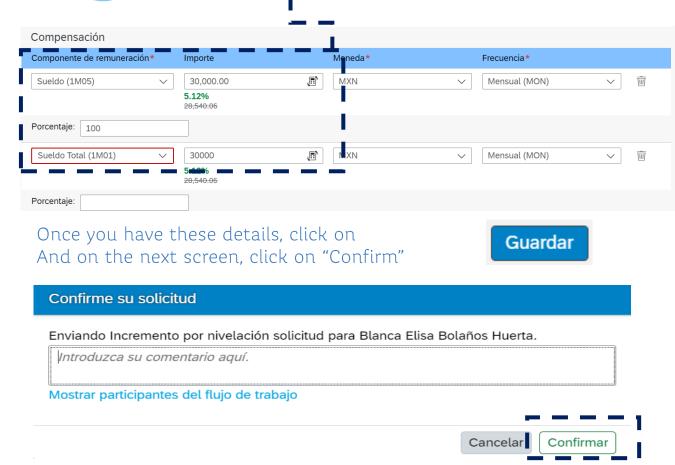

Select:

- Position information
- Pay information (if the salary changes)
- Effective date

Edit compensation with the Salary type: Variable, fixed, and total

To confirm, you will see a note with a scheduled change with its effective date. Click on it

17

Insertar nuevo regis...

It will display the compensation changes, but it will appear as a **Leveling Increment**. You must click on **Edit**
